Samaritan Health Ministries is a non-profit clinic providing medical, women's health, dental, mental health, and pharmacy services to the uninsured in Williamson and Travis counties for more than 20 years.

The need and demand has continued to grow rapidly with a 43% increase in patient visits over the last two years. We currently operate out of a 2350-square-foot, triple-wide trailer. With the increasing demand, a larger facility is required; otherwise, we will be forced to stop accepting new patients.
